Revd. Sr.

My last was of the 7th Curt. since which I have yr. favours of the 7th and 14th of Sepr. N.S. with Copies of several Papers & Letts. which have been all translated and considerd by the Society; The Powers & Instructions to yr. self from the Trustees for Georgia are dispatch'd in due form, under their common Seal, and deliver'd to Baron Hattorff, who has been so kind as to Undertake to forward them to His Majesty's Embassy at Ratisbon in order to be sent to you.

The Trustees will apply to His Majesty for such Instructions to His Mins. at Vienna as desir'd by yr. Letters of the 7th Curt. Viz. That they endeavour to obtain from His Imperial Majesty, proper Orders to the Magistracy at Augsburg for admitting the Emigrants to Quarters in that City.

The Trustees and Society both, are glad to understand you have already retain'd Mr. for the Colony of Georgia, and that you have an immediate prospect of having a number sufficient to compleat the first Transport out of the Return'd Emigrants: They hope by yr. next Letters to hear of the day they are to set forward, and how long, (supposing common Accidents) they may be on their Journey to Rotterdam.

They ~~are going to observe~~ ~~they take notice of the Person~~ recommended for a Conductor to the Emigrants, ~~for Conductor~~ is a very Young Man: And tho' ~~However~~ they ~~Chearfully~~ accept of the Young Man's Zeal in the good work, yet apprehending he may not have sufficient Experience to discharge the part of a Conductor alone, it is

recommended

recommended to you ~~that you would~~ to write immediately to Mr. Vat to wait upon you, and take upon him the conduct of the first Transport in conjunction with the Young Man recommended by the Baron Von Recht, because it is of the utmost consequence especially in the first Embarkation that the same should be conducted with all the Skill ~~that can be obtain'~~ & prudence which can be made use of to recommend the Design. And if the Young Gent. and the Journey Man Apothecary you mention are desirous to proceed to Georgia, in regard that the first is recommended by the Baron Von Recht and the other by yr. self, it is not at all to be doubted but the Trustees will make the same allowances and Grants to them, as they do to the Emigrants.

I hope it will please God to continue yr. health to see happily accomplish'd the Emigration of all the Transports of our Suffering Brethren who may embrace ~~yr.~~ that invitation ~~to go~~ to Georgia, and believe they that go first will make so good a Report of the usage they will find in the Country they are going to, as to make others very desirous of following them. I receivd last Saturday 5. Medals
from Mr. Wolter ~~of Rotterdam~~ the King's
Agent at Rotterdam, by order of M. Fallmar and the Elect. for
whom they are design'd, desire me to return their Thanks to you
for yr. care in conveying them, and that you would let me know
the ~~cost~~ prime cost and the charge attending the conveying of them,
with yr. first conveniency in order to my remitting the value.

Dear Sir

I Receivd in due time Your most acceptable Letters of the 30th March. 31. July and the 1th of Sepr Curt the last Enclosing a Lre to Dr Hales at Teddington who being then at his Residence it was immediately forwarded to him: so I did not Open it but shall I doubt not in due time know the Contents as Mr Vernon does already.

I have not acknowledgd the receit of these favours sooner being daily in expectation of writing to You by order of the Society as I now do to Beg You would be in readiness to proceed to Augsburg upon the first Notice You will receive from Mr Urlsperger to go thither or to any other place he shall direct for Conducting a Transport of Emigrants from Saltzburg to Roterdam in order to their Embarking for Georgia

The Society had (before your was wrote to) left it to Mr Urlsperger to provide a proper Conductor but his Last Letters signifying that he had Entertaind a Young Man of 21. Years of Age recommended by the Baron Van Recht one of his Majesties Ministers at Ratisbon in Regard to his recommendation The Society decline refusing him and have therefore orderd me to write to Mr Urlsperger by this Post which I have done to desire he would immediately write to You and desire You would accept of Acting in Conjunction with him whose name he does not tell me but that he is willing to proceed even to Georgia with the first Transport which the Society accept of and had rather be at an Extraordinary Expence of Bearing your charges with his than that there Should be want of a Gentleman of Your Experience to Conduct the first Embarkation This Gent. is recommended by Baron Van Recht as a Person of Learning and ingenuity for his Years so that your abilities may soon make him a man of Experience which seems to be y only thing he wants and yet absolutely necessary.

Your Good inclinations to this service will it is hopd prevail with You to accept of a partial Commission in Conjunction with a Friend rather than none and it is very likely that Mr Urlsperger may have you in his Eye for a succeeding Transport But the Society as things appear to them had rather you should attend this and that also.....

I...

I pray God to direct You in this and all Your affairs and give You health equal to Your Zeal for Promoting any Service for the Protestant Intrest. Mr. Urlsperger has mony and credit to supply You with what may may be necessary for Your self and those You may receive under Your Care Pray let me hear from You by all opportunities how you proceed and let me have directions how to write to You as You change your situation

The University of Oxford in their late Publick act Complimented Dr. Hales with his degree of Dr. of Divinity while he was on his living in Hampshire not expecting any such honour in regard to his great merit and the service he has done both to Religion and Learning in the 2. Revd. & Dear Sr.

My last was of the 18th Sepr. which I hope you have rec'd since which I have rec'd yr. favours of the 17th & 21st Sepr. Curt. N.S. with the Prints enclosed in them, and communicated them to the Trustees for Georgia, who together with the Society are extreamly thankfull for the great prudence and care you have shewn in conducting this affair.

They are in hopes the opposition made by the Popish part of the Magistracy will be removed upon the Application wch is made to His Imperial Majesty & will be sent to the King's Minister at Vienna this day.

As to the objections made by the Emigrants arising from their not knowing the Truth of the Case, or the Misinformations they have recd, if the very wise answers — wch You have made cannot do it, there is no doubt but the hearty reception & good usage wch You may assure them in the Strongest Terms they shall meet with will entirely remove them, and therefore the Trustees & the Society are mighty Zealous to have some go tho' never so few & desire (agreeable to y. inclosed Minute) that You will immediately send away what You can, & that you will give the most early notice of their motion that a Ship may be ready to receive them at Rotterdam.

They hope You are provided with a good Minister to go along with them — but as to a Catechist they think y. person recommended in y. inclosed Lre by D. Guerdes the Lutheran Minr of y. Swedish Chh. here upon all accots most proper, as he is Master of y. German and English Tongue and can therefore be more usefull than any person You can send from Germany.

If after all their Labour of Love proves unsuccessful & You cannot engage any Saltzburghers to accept what they think very good offers & what are greedily sought after by our own People they must rest content with having shewn their good will tow.ds their Persecuted Brethren having had no other Intention but the benefit of these distressed Objects, no advantage being possibly to be made to themselves. Upon this Occasion I think proper to acq.t You from my self that y. Trustees are much solliciting in behalf of a great Number of very worthy Confessors of the Truth who have been driven out of the Valleys of Piedmont & have not yet obtain'd a Settlement, but having made the same offer to the Saltzburgers will receive no other till they have absolutely refused it.

I wish you all manner of Prosperity and am

Palace Court

At a Meeting of the Trustees for Establishing the Colony of Georgia Sept: the 26th 1733.

Mr Vernon produced Letters from the Rev.d Mr Urlsperger to Mr Newman, acquainting him with Several Obstacles thrown in the way of the Saltzburghers coming over by the Popish Part of the Magistracy of Augsburg; That the number ready to Embark are at present but forty one Heads, and that many of these object to their going to America; That at present there seems little likelyhood of increasing the Number.

Those to be entered in Saltz.r Letters Sept.

Resolved

That Mr Vernon be desired to procure Letters to be written to the Rev.d Mr Urlsperger to send immediately to Rotterdam the said Forty one Heads, or as many as are willing to come; Being assured that their Reception in Georgia will encourage others to follow them; and that Mr Urlsperger be desired to dismiss such as are unwilling to embark. That an application has been made to his Majesty to Send Instructions to his Minister at Vienna, to apply to the Imperial Court, that the Popish Magistrates at Augsburg may be induced to consent that y.e Georgian Colonists may be admitted into their City.

By order of the said Trustees

Copy of a Letter from D.r Henry Wilkes Guerdes
Dated at New Broad Street London Sept: 11. 1733.

D.r Sir

I must beg leave to ask, whether or no? I may apply to You for recommending a poor Family of my Congregation to the Hon.ble Trustees of Georgia for the Settling of them amongst the Saltzburgers and other Germans expected as I then hear from abroad?

You know perhaps whether a good Sober & diligent man that could keep school both in y.e English & German is wanted or would be acceptable to the Colony? For such a one it is that I could recommend to You in y.e person of one Christopher Ortmann who has kept here for these many Years a Charity School

under

under my own Inspection and has allways in his office behaved to my entire Satisfaccon — The man is about 50. Years of age and is marrie to a woman about 40. — They have no Children. The Woman is likewis able to instruct Children in all manner of needle work, so that she may keep a School for Girls, for that purpose, and has done before now.

Here they find it a difficult matter to Subsist and are therefore mighty desirous to go to Georgia.

I think em worthy of encouragem.t & recommendation, and shall therefore be particularly obliged to You if You can put them in y.r way that they may obtain the end they desire.

I will in my turn endeavour to see (when I hear that the Saltzburghers come) Whether I can do some thing for them in my Congregation; being — with due respect

Sir

Sir

I receiv'd the Enclosd this Evening and beg Your advice as to we had best do upon it we cant have the Direction of the Society upon it 'till next Tuesday and I believe they would leave it to us while we act the best we can for their interest

The Gent: desires an Answer to morrow as because he must look out for Lodgings for 14. Days and remove his things if we insist upon his Leaving the Chambers by monday next. As for the things lock'd up in the Study I told him they might remain there for a longer fortnight or longer term Provided they did not hinder the putting the Chambers in repair so as to be ready for a Tenant by next Term. He forgot to name his friend but he says he is a Gent: Enter'd in the temple and Bred at Trinity College in Dublin and worth 1500 £.r Ann. in Ireland, I have some prospect of a Tenant from Cambridge but not Certain and if this Gent. will bear the Rent in some proportion to the charge of repairs and give security for the Payments as Mr. Dawson did perhaps it may be adviseable not to refuse him Considering how difficult it is to meet with Tenants. and by accepting him we shall save one Quarter's rent at least. He or Mr. Jones gives 25.£ a Year now for the Chambers to Mr. Dawson but then that includes the use of the furniture as well as the rent he pays to us

Mr. Copping was here to day in great hopes you would have read the inscription with Your remarks. Because he's called upon for it and desires You would send it as soon as You Can to

Revd Sir

According to your desire in July last the books abovementioned were sent by Rich.d Agal Carriage paid here q.r the begining of this month, but our Messenger being then sick & find the person he employd to forward them has omitted 6 Psalters and the Catalogues of Books you desird; The Psalters I beg you to demand in your next packet or to be sent imediately if you cant well stay for them: but the Catalogues I have herewith Sent.

The advice you gave of M.r Bridges of Methley's leaving our

our Communion was not less Shocking to the Society than it was to you, but I am glad to acquaint you that he made use of Lady Betty Hastings's recommendation to D^r. Knight w^ch whom he has had 2 or 3. long Conferences, and I hope to some good Effect tho the D^r. found him very reserv'd and not so open as he wish'd in exposing his Scruples, the principal of w^ch was the darling Topick of the Popish Clergy in urging the necessity of maintaining the Unity of the Church in their Head the Pope. But the Doctor very learnedly shewed him that the Head of the Christian Church was Jesus Christ and him only, according to the Catholick Doctrine of Protestants and all good Christians from the 1^st. Ages of Christianity.

That the Protestants do not ~~expect~~ deny the Church of Rome to be part of the Catholick Church But they cannot allow them to be infallible or uncapable of making fabricks of Hay, and Stubble, upon wrong Foundations, any more than they do to other Communions, or to ~~the~~ Judging ~~Private~~ Persons in their Private Capacity.

The Society were the more Surpriz'd at the advice you gave because it was no longer than March last, that a packet was sent to him at Methley at his own desire to the Value of 4^li. 5^s. 4^d. consisting of a Variety of good Practical Tracts to be dispos'd of among his Parishioners whom by your Acco^t. he must be then meditating to leave.

I Pray GOD that your advices and those of other friends may make such an impression upon him as to prevent a total renouncation of Communion with the Church of England and that he may return again into the way of Truth. I am

Your most Obed^t.

I am now to acknowledge the Rect of Your Favour of 12th Curt N.S Yesterday in the Evening the Contents of wch being this day laid before the Society I am ordered to acquaint you that in case you have not been able to find a Proper Person to be a Minr to the Saltzburgers going to Georgia, You may give your self no further trouble because they are in hopes to get one here a German Divine that understands English, has a good heart and is wele qualifyd for the work being recommended by the Society by our Good Friend Mr Ziegenhagen

The Cathechist menthond in mine of 28 of Sept has with his Wife attended the Society and are accepted into such services as they may be capable of, beside Catechizing the Children of the Saltzburgers. As soon as I receive Your advice of the Saltzburgers designd for Georgia that they are set out from Augsburg and about what time they may be expected at Roterdam, The Trustees for settling that New Colony have ordered a ship now in the Riva for the Service to proceed to Roterdam to receive them on Bord. and the more expedition there is made in hastening their march the less they will feel of the cold weather which will ere long come upon us in the Climate where we live

Till this affair is in some forwardness of Dispatch the Society and all your friends here will be glad to hear from You once a Week at least every week that nothing may be wanting in them to take proper measures for the comfort of those Saltzburgers that shall Imbark for Georgia

I allways make your Compliments to the Society who as often return theirs with their best wishes that GOD would prosper your Endeavours in Serving distress'd Protestants wherein joins heartily

I receiv'd Yesterday both yours of the 15.th and 22 Curr[t] N.S
w[ch] were this Day communicated to the Society and they Entirely approve
of the measures You have taken for Providing a Min[r] and Catechist
But if they Do not Succeed so as to Answer their and Your Expectations
There is a Worthy Divine I have ready to Supply the want of the Former
who has frequently assisted M[r] Liegenhagen in the Kings German
Chappel as mention'd in my last Letter of the 16.th Curt w[ch] I hope
you have Receiv'd for this whose resolutions will be determined as Your
next Letters shall advise, in the mean time Mr. Ortman the
School Master is preparing himself to go over with the Transport
Ship to Roterdam to attend the Saltzburgers there as an Interpreter
to the English Officers and Sailors on bord the Ship It would have
been a Pleasure to the Trustees assoc[te] as the Society if the honest
Emigrant with his Family of 11. Persons had Continued in the Disposition
of Proceeding to Georgia because I have reason to believe that he would
have been Distinguish'd by a Commission as a Magistrate among

his Brethren if he had Gone & staying in their room His not going with his numerous family has made a considerable alteration in the list you transmitted For wch reason it is desird that you would send a compleat List of the Emigrants designd for Georgia of the Men, Women, and Children with their respective Ages and Professions at the time of their setting out from Augsburg. The Number of wch may perhaps be encreasd by that time they take their Departure.

I need not repeat to you that if you should want mony to defray the Expences that will necessarily happen in conducting these Emigrants to Roterdam, upon Mr Muiich supplying you with it or with Credit where it may wanting on the Road in Exchange for Your Bills on Sir John Philipps as mentiond in my letter of the 7th of Sept. Tha[t] Bills will be punctually honourd

The Society are not a little pleasd at your having sent for Mr Vat to Conduct the first Transport because his Integrity and Experience gives them great hopes that nothing will be wanting towards the passage of those honest People to Roterdam as comfortable as can be for persons under their circumstances

The Society have made no Bargain with Mr Vat but leave him to make his own Demands relying on his being contented with what shall be reasonable for his Services wch I mention that you may readily confide in him as the Society do for his faithfull Discharge of the Trust reposd in him and that you may give him your Instructions with the same freedom and Confidence as to a Person you had been long acquainted with.

I hope your next will inform me of the day of their Emigrants being set out from Augsburg as well as their Number &c. and the Route they are to observe, and in the mean time you may be assurd that Care will be taken by the Trustees for Georgia that a proper ship will be sent to Roterdam to receive them as soon as they arrive there

May you still Continue to Enjoy your health and make that good use of it as you do for the Glory of GOD and the good of Mankind is the Desire of the Society as well as of

Reverend Sir

I hope this will find You happily returnd to Roterdam and thank you for the pleasure you very kindly gave to the Society while you was at London by attending their weekly meetings here

They have just now a dance of 50. Saltzburg Emigrants setting out as supposd Fryday the 19th Curt. our Style from Augsburg under the Conduct of M.r Val and sent for Roterdam in order to proceed to Georgia M.r Val is furnished with Literas Requisitorias by the King's Embassy at Ratisbon and money or Credit at Augsburg to defray all his Expences to and at Roterdam till the Emigrants can Embark on bord the Purisburg Capt. Fry Comm.r ... who is to sail next Thursday or Fryday by order: of the Trustees for Georgia to receive them on bord: but for fear it might happen by contrary winds or some other Accident that the Ship should not arrive a week Before the Emigrants do for their immediate reception, on their arrival I am directed by M.r Philipps our present Chairman and M.r Vernon a worthy member of the Society as well as one of the Trustees for Georgia to request your good offices in to bespeak conditionally Quarters for these Emigrants till they can Embark to prevent any imposition wch they and their Conductor may be liable to as Strangers. The Expences of wch will be defrayd as I said by M.r Val and your good offices on this occasion will be esteemd as a favour to the Trustees for Georgia as well as to our Society wch I am sure both Bodys will thankfully acknowledge

I do not know M.r Walters the King's Agent for foreign affairs at Roterdam but have upon this occasion taken the liberty to write to him to excuse you of any trouble that he can in promoting this service wch by the nature of it cannot be unacceptable to him as a good Protestant and Servt to our Gracious King I have therefore referd him to you to concert wth you and he may think Proper to do originally only. For if they Embark immediately upon their arrival at Roterdam I hope neither of you will have any trouble but rather pleasure

I thank you for your favour of the 15. of last month and for Your Care in forwarding from Mr Guttman the Box of Silver Medals by Captain Christian Mr. of the Hyam Sloop who deliv'd them safe to me.

I am now at the Desire of some Charitable Gent: to request your good offices in behalf of 50. or more Protestant Emigrants from Saltzburg who have lately accepted of becoming Subjects to his Britannick Majesty and as such are supposed to have set out from Augsburg Friday 19 Curt. Old Style in order to Imbark at Roterdam for the Province of Georgia How Soon they may arrive at Roterdam is not Certain but the Purisburg Capt. Fry is Ordered home to be there for their reception as long & as short as he can, in case Contrary winds or other accidents should prevent his being there time Enough. The Rev. Mr Lowther Minr of the English Church at Roterdam is wrote to by this Post to be speak Quarters provisionally for them and Mr Val their Conductr that they may not be imposed upon in y.e Expence of their Lodging and Diet wch as Strangers they may be liable to And any assistance You are pleased to give in Concert with Mr Lowther to facilitate this Service I can assure you will be thankfully acknowledged by many worthy and Charitable Gentlemen there

Mr Val or the Conductor of these People whoever he may be will be Enabled to Discharge all reasonable Expences on them, but the Design of this recommendation is to prevent their being put to unreasonable Charges And if they Embark immediately on their Arrival You will have the pleasure of seing Your Trouble at an End The Allowance for Quarters being provisional only

I have this morning receivd Your Favour of the 24th Curt and immediately procuring a translation of it have acquainted the Society with the contents of it. They are concernd to find the Number of Emigrants a second time reduced to 40. tho you Don't mention ye Reason.

My Last was of the 23. Curt which I hope you will have receivd ere this, to inform you of the Purisburg's being the Ship appointed by the Trustees for Georgia to attend at Rotterdam to receive the Emigrants on their arrival there to wch I am now to add that Capt. Fry Master of the Ship ordered by the Trustees to Depart hence Friday 2. Novr Wind and Weather permitting so that in all likelihood she may Arrive at Roterdam a Week before the Emigrants will

I have wrote to the Reverend Mr Lowther Mnr of the English Church at Roterdam and to Mr Wolters the King's Agent there to assist with their good offices the Commissary that shall attend the Emigrants in whatever shall be thought necessary

The Trustees for Georgia Don't Design the Purisburg shall come up to London in her Return from Hope and but only to touch at Deal or Dover to be visited by an Officer from them to See that all things be provided for the Saltzburghers wch may be necessary to render their voyage Comfortable. Nor would it be for the advantage of the Passengers to Georgia, to hinder their voyage so much, as bringing the Ship into the River would do I Hope to hear often from Mr Von Reck while they are on their March and Shall be Glad of the like Favour from You as Occurrences may require and Remain

My last was of the 6th Curr.t since which I have rec.d yours favours of the 2. 5th. 9th. and 12th. of this Month N.S. and ~~M.r Vat. of the 9th~~ the several Papers refer'd to in them, a translation of which were this Morning all laid before the Society & read. They thank you for y.r very kind assistance & care in dispatching the Protestant Emigrants ~~& his Letter to each Emigrant & Friendly~~ for Saltzburg, and ~~they~~ hope the like future all y.r good offices for their behalf. ~~for the future~~.

The Society took early care to engage the Rev.d M.r Lowth Min.r of the English Church at Roterdam & M.r Wolters agt. for His Brit. Majesty there to give all the assistance they could to the Commissary that shd attend the Emigrants and accordingly M.r Lowther has signify'd to me ~~the last~~ that he has prepar'd the Magistrates to expect a Transport from Augsburg for Georgia, and that they need not doubt of a kind reception ~~provided~~ if they come in health, and to be satisfy'd of that, they will desire them to stay one night or ~~one~~ two between Dort and Roterdam, or so long as

till

till the Magistrates are satisfy'd that they are in health, when they will give orders for their proper reception.

The Society are glad to hear Mr. Vat is safely arriv'd at Augsburg, and that ym have taken him under yr. roof in that kind manner you have done till it can be resolv'd how to employ him; ~~either as that~~ there seems to be a probability of soon making up another Transport of Emigrants either at Augsburg or Frankfurt, they think it very proper he should remain with ym till it can be known what occasion there may be for his Service to conduct a future Transport to Rotterdam; ~~till in the mean time~~ as we see but little into the ways of Providence for it may hereafter prove more well for the Service ~~that he was prevented accompanying the present Transport.~~

There is no advice yet of the arrival of the Augsburg at Rotterdam but as she has had fair winds, 'tis very probable that she will get thither at least a week before Mr. Von Reck & his Troop arrive. The Society are well pleased with the Instructions ym have given to Mr. Von Reck and the appearance of the allowance ym have agreed to give him for his Service. I am now making Copies of yr. last Letters to be laid before the Trustees for Georgia at their next meeting & remain Rev. Sr. Yr. most humble Servt.

To Mr John Vat at Mr. Urlsperger's at Augsburg.

Bartlets Buildings London: 13. Nov. 1733

Dear Sir

It was with Pleasure I rec'd by last Post the advice of Your arrival at Augsburg both by Mr. Urlsperger's and Your own of the 12. Inst. N. S. which was this day laid before the Society and

since

Since there is a Prospect of another Transport of the Saltzburg Emigrants for Georgia either at Augsburg or Franckfort wanting a Conductor to Embark at Rotterdam they think it advisable that you remain where you are Vntil they or Mr Urlsperg do acquaint you of their Service You are to find as to undertake when occasion shall require ... You see but little into the ways of Providence and therefore I will not call it a disappointment that You did not sooner arrive at Augsburg, till I see how things may turn hereafter Your experience under the Prudent Conduct of Mr Urlsperger will enable You dextrously to avoid the Artifices and Snares of those of the Romish Persuasion who are incessantly engag'd with the Common Enemy of mankind to devour as many innocent Protestants as they can.

No Doubt there is a Treasure of Wrath reserv'd for those who Delight in persecuting the faithfull followers of JESUS Christ and whether the time be now at Hand that Antichrist is to receive her Doom from those of her own Party the Progress of the Wars in Italy and Poland may in a few months shew.

Governo. Thute and Col. Valogne are now at Bath in good Health as the rest of your Friends here are but frequently Inquisitive of yr Welfare,

I must not omit to acquaint You of the Prince of Orange's happy arrival here last Wednesday ~~at St. James's in a week~~ to be marry'd to our Princess Royal, the Celebration of which was to have been as Yesterday at St. James's in a most Magnificent manner where accomodations are prepar'd for abo. 4000. Spectators in a Gallery that Passes from the Royal Apartments over the Garden into St. James's Park and thence by 2. long Sides returns to the French & Dutch Chappel by Marlborough House but the Prince being taken ill the day before wch was Sunday while he Attended Divine Service in the Dutch Church at Austin Fryers, with Symptoms of a Pleuretick Fever the King immediately gave Orders for Suspending the Nuptials till His Highness's recovery, which 'tis said there is great likelihood of in a few days. His highness weak Constitution, not being accustomed to such fatigue as his late

late Voyage he had necessarily subjected him to, his said occasions his indisposition which tis hop'd by the Blessing of God on the great Care that is taken of him, at his Lodgings in Somerset house may soon be remov'd.

Pray let me hear from You now and then either in a Postscript to Mr Urlspeyger's Letters or a Separate Letter as you find occasion to write to

Sir yr. most humble Servant

Henry Newman.

Postscript to W. Urlspeyger's
Letter of the 13th Curr. before inserted.

I Beg leave to refer you to the Enclosed to Mr Vat for other particulars relating to affairs here and Shall now and then take leave to Subjoin a Postscript To You by way of Ref to him. Mr Oglethorpe intended to return this fall to England but there is advice come that he in Sept. last had a fall from his horse in Georgia wch Gave him such a Contusion in his side as will go nigh to prevent his Return and if that be, all the ill Consequence will attend his Fall some of his friends here will not be sorry that it will detain him to see and take care of the Saltzburgers who it is wish'd, may arrive in Georgia before he comes away I mean the first Transport.

Reverend Sir

I recd your favour of the 13. Mr Val who was Designed for their Conductor did not arrive at Augsburg from Switzerland till a week after they were set out and therefore Mr Philippe DelRock Nephew of our Kings Minr at Ratisbone is so kind as to take upon him the Charge of acting as Commissary to Conduct them from whom I have a Lre dated at Franckfurt on the Main of the 15. Curt N.S. where they had then rested two days all in good Health and he had hired a Vessel to carry them all to Rotterdam so that in all likelihood they may be with You before this comes to Your hands and because I don't know how to Direct to him better I have taken the Liberty to Enclose a Lre for him to You imagining that he will apply himself to You as he is instructed immediately on his arrival,

A Minr and a Catechist recommended by Profr Frank at Hall that could not Join them on the road will meet them at Rotterdam — who are likewise recommended to Your good Offices as well as the Minr that comes with them from Augsburg. who will return to Augsburg after seeing them embarkd

The news papers will inform You of the Pr. of Orange's Illness which has occasion'd a Suspension of the Nuptials but I am glad to tell You that upon an Enquiry I have this Day made at Somerset house His Highness is much better and look'd upon to be out of Danger of any ill Consequences from the Fatigue of his Voyage which occasion'd his indisposition so that 'tis hop'd he may be able in a few Days to go abroad and some say that orders are given to fit up an apartment for him at Kensington - - Palace and that the wedding will be deferr'd till the Beginning of December

I shall be glad to hear from You of the safe arrival of the Saltzburghers and of any circumstances which may serve to guide us in a future transport and may perhaps ere long follow these under the conduct of Mr. Val. Out of the 800. Emigrts. Expected from Saltzburg as Mr. De Reck informs me

Revd & Dear Sr

Since my last of the 13th Curt. I have recd yr favours of the 16th & 19th Curt. both which have been laid before the Society and being the last of them being translated to hand by Mr Vat was read but the Subject of it being of great moment and too delicate to be hastily declined Mr Ziegenhagen to answr it, according to the Sense of the Society at the reading of it. Yr letter of the 16th Curt. being long the Translator could not finish the Translation of it, till the Society was risen, upon which I was ordered to give a Copy of it to be laid before the Trustees for Georgia at their Meeting to morrow, which I have taken Care of.

We hourly expect advice of the arrival of Mr de Reck with the Saltzburgers at Dover where they are to Stop to receive their last Dispatches from the Trustees for Georgia, and to be fill'd up with Passengers to compleat the Number contracted for. What may be wanting in the Number of Saltzburgers for to fill the Ships for the Trustees will be made up at the same Expence whether the Trustees would otherwise be at the same Expence for sending a Ship as a whole Ship Load. For the same reason of frugality they will rather send

~~filling up~~
send the Papengers to the Ship, than let the Ship come
into the River where she will be liable to so many
Unnecessaries foreseen or
~~Letts~~ as cannot be avoided, and ~~yet~~ the Trustees are
engag'd to pay demmurage for all those Letts while the
Ship is in their Service. The Society have order'd the body
you desir'd to be sent by the 1st opportunity, wch I shall do as you advise. You forgot

I receiv'd yr. Letter of the 27th. of Novr. N. S. from Roterdam, which I have this day laid before the Society, and they are glad to hear the Saltzburgers design'd for Georgia are so far arrived in their way thither, and if ym are inclin'd to go with them to Georgia, and to settle there the Trustees for that Colony will give directions to Mr. Oglethorpe to grant ym such encouragemt. in Land as ym shall be fully satisfy'd with.

In the mean time I am directed by the Society to acquaint ym that they have agreed to defray yr. Expences to Roterdam on the foot of Mr. Mels[illegible] Stipulation as signify'd in his Letter to the Society and that upon the embarkation of the Saltzburgers on the Parysburg they are under the direction of the Trustees for Georgia who will take care that every promise made to them by their Direction as to free Passage over Sea, and their Settlemt. in Georgia shall be punctually comply'd with, on their arrival there. So that ym will please to consider if ym don't incline to settle in Georgia on the foot of the encouragemts. abovementioned, whether it may be worth yr. while to proceed thither.

I am further directed by the Society to desire yr. acceptance of five pounds to be paid to ym by the Revd. Mr. Buticuter, as a gratuity from the Society over and above the allowance made to ym for yr. Service to Roterdam. And if you are not inclin'd to go to Georgia, the Society will be glad to see you here in yr. passage back to Germany. I am

Capt.n Coram one of the Trustees for Georgia will on their parts visit the Purysburg to see that all things necessary be supply'd for the Comfort of the Passengers on bord & to fill up the Ship with as many English Passengers as may be conveniently accomodated. If yr come to London I shall be very glad to see yr to have the Recc.n of yr. pilgrimage with the Emigrants refer'd to in yr. Letter of the 15th. Nov.r from Frankfort. Revd. Sr.

The Society were glad to hear of yr. safe arrival in Georgia after a tedious passage and that yr Service as a Missionary is acceptable to the Inhabitants and particularly to Mr. Oglethorpe

Your short stay in London after yr. appointment for that Service by the Corporation Society gave me little opportunity of cultivating an acquaintance with yr, but I hope what has been wanting in me has been abundantly made up by good Mr. Copping who recommended yr to the Society for a Correspond. member.

Since yr left England there has been a Short Accot. of the Origin & Designs of the Society publish'd, which I herewith send to inform yr of what I was in hopes of having opportunity to do before yr left England.

In the Ship Purrysburg that carrys this, there goes over thirty odd Saltzburgers attended by Mr. Bolzius a Minr. Mr. Gronau a Catechist and Mr. Ortmann a Schoolmaster, who receive their Salaries from the Society till they are settled in Georgia. The Society will think themselves oblig'd to yr for any good offices yr shew to the Minrs. or their Flocks, and doubt not but Mr. Oglethorpe will do every thing in his power to make them easie. Pray give my most humble Service to Mr. Oglethorpe and desire his acceptance of my hearty wishes for Success to attend all his glorious enterprizes for the publick good, and his safe return to Great Britain. wishing yr and yr. family all manner of prosperity I remain

The Purisburg sailed from Rotterdam the 23. Curt.
but there is no news of her yet however the wind being contrary
we are in no pain for her safety

I have a Lre from Mr. Southerden Merch.t at Rotterdam
of the 23. Curt. signifying that Capt. Fry refused to admit the
two Clergymen attending the Saltzburgers into the great Cabin
that being his own priviledge upon it I immediately complained
of it to Mr. Symmes Capt. Fry's Owner who has wrote
Yesterday and again by this Post in very strong Terms that
they be immediately fixed and provided with the best accommo-
dations in the great Cabin and that whatever he claims on
Acct. of his priviledge must be changed to his service and that
no other Persons be admitted into the Cabin so as to incommode
the 2. Clergymen and therefore I hope there will be no
further occasion of Complaint on this Score.

A Chaffin and patten in plate are making & will be sent
down as soon as made therefore pray let me know how they may be
directed at Dover in case you shod become away from there

My humble Service to Capt. Coram who I hope is got well with you to Dover of wch a line from you or him will be very welcom

My humble Service also to Mr. De Rock and Messrs. Boltzius and Gronau of whose great Merit I have receivd a long Letter from Profess. Franck wch very much pleased the Society and therefore they will take it well that you & Capt. Coram take Care that nothing be wanting to them being accommodated in the best manner on bord during their voyage to Georgia and it is from these people Gent. that the Good usage of the Salzburgers will be made known to their friends in Germany so that it's wonderd here that the Capt. should not for his own Interest give them the best accommodations w.o any direction from hence, but Mr. Simonds has wrote so fully on this head to the Capt. that I hope no more need be said about it.

I have 2 Lres from Mr. Urlsperger since you went, by which I see no prospect of more Salzburgers till next Spring but great Complaints of the usage of Protestants in Hungary & Bohemia for whom it is hop'd good Providence will raise up some relief from the protestant powers in Europe.

The Prince of Orange continues on the mending hand so that yesterday he received the Compliments of Several of the Nobility &c. & my Lord Mayor in person waited on his Highness to congratulate his recovery so much as he enjoys it.

I receivd yr favour of the 4th Curt N. S. which was this Day laid before the Society who thank you for all yr good offices to the Saltzburgers and the Gent. who attend them as Conductors.

I was in hopes ere this now to have heard of their arrival at Dover but for above a week past the wind has been against them and this day the Society are inform'd that the Curysburg run aground in yr River at coming out where I hope for next may inform me that she received no damage but what may be easily repaired.

I am to thank you for the advice you give abt the Captain's not admitting the Clergymen into the Great Cabbin, upon which 2 Lres have been wrote to him in very Strong Terms by the Captains Owners to admit them into the Great Cabbin preferably to any Body else and to

They were glad to understand by Mr. De Reek's letter to you that the influence of the Protestant powers in Europe is at present so great & hope GOD will incline their hearts to make a right Use of that influence at this Juncture.

The Emigrants under the Conduct of Mr. de Reek embarkd at Rotterdam the 4th Curt. N. S. with Messrs. Bolzius & Gronau but the Ship being rather too large for the Service run a ground coming out of the River so that they were obligd to lighten her to get her off of the Bank, but I hope without any other damage then hindering her a few days of her Voyage to Georgia.

In the mean time one of the Trustees for Georgia, and the Revd. Mr. Bateman a member of the Society are gone to Dover to expect the arrival of the ship and to give her all the dispatch they can. If Mr. De Reek inclines to go with them the Trustees for Georgia have ordered the Capt. to afford him the best accomodations the Ship will allow of thither and back to England.

I have recd a Ire from Prof. Franck giving an extraordinary Character of the Miss. & Catechist wch he has recommended in regard to which the Society have taken Care that nothing may be wanting to make their passage comfortable.

Your Letter of Yesterday Concerning the appearance of the Purisburg Ps of Dover was very welcome to the Society who were just Breaking up when it came to hand Mr. Vernon and Dr. Bundy had Both the Satisfaction of reading it and I hope your next will confirm the Accot. of her Arrival at Deal or Dover with some particulars wch may Enable the Society & Trustees to judge of such further measures as may be necessary for them to take before the Saltzburgers leave England.

Pray give my humble service to Mr. Butjenter with my thanks for his Letter of last Sunday and let him know that having communicated it to the Society they agreed in the construction he puts on Mr. Wilsons and my Lres of furnishing the Minr. and Catechist wth all needfuls.

I suppose you have instructions from the Trustees to make a List of the Salzburgers their Sex, Age and Professions respectively and if You please to procure Mr. Butjenter a Copy of it he will send, or bring it at his return to Town to be laid before the Trustees.

You have also instructions abot. Mr. De Rock who by his last Letters seems much inclined to go on to Georgia and as I understand by Mr. Vernon, the Trustees are very well pleased he should go on the terms he himself has mentioned.

I hope GOD will Direct Mr. Butjenter and You to Concert matters so, as may result in his glory and the Comfort of those pious Confessors who, tho they are but few in number their good or ill repute of the treatment they meet with here will animate or discourage a considerable number to follow them next spring.

Sir

I recd your favr of the 22 Curt N S. giving an Acct of the troubles that attended your passage from Holld. wch has been communicated to some of your friends here and given them not a little concern that the beginning of your voyage should meet with so many rubbs and inquietudes to you and your fellow Travellers. I hope such effectual care is taken to remove them especially those things wch are in the Captains Power that you will have no occasion to complain here after and glad to find by the latter part of your Letter that Capt Cram has redrest all your grievances. how ever will it does not may be his fault if they are not entirely prevented for the future

I am satisfyd Mr Butinghuysen will do everything on his part to furnish Messrs Bolzius and Gronau with necessaries to make the rest of their voyage comfortable

Your

Yr Zeal for pursuing Yr voyage with the views You mention is very Laudable and I hope God has raised up you not only to be a Father to the Salzburgers on Bord the Purisburg but to many others that may follow them from Germany or Piedmont to Georgia

What You mention abt the 300. Vaudois Shall be communicated to the Trustees for Georgia and the Society for Promoting Christian Knowledge at their first Meeting and their resolves signify'd to Mr Wolters

I Pray God to send You a good Voyage and safe Arrival in Georgia of wch I Shall be very glad to be informed from Yr own hand by the first opportunity with an Accot of your most remarkable occurrences at Sea and of the welfare of all the Ship's Crew who will be happy in having the company of a Gentleman so Curious as Mr De Roche De Rock.

It will give me a singular pleas. to transmit to Yr Uncle at Ratisbon any accot of Yr welfare while you are abroad and Mr Oglethorpe the Director of the Georgian affairs will be very glad to see a Gent. of Yr Genius to take his own fine and Interprizes.

Recd Yrs of the 11. Curt and congratulate you on Mr De Roches safe Arrival with the Salzburgers at Dover

I hope all the hard Ships they have suffered in their voyage will be intirely redressed by your and Capt Coram's care

I have just now been with Mr Symmonds the Owner of the Purisburg who shewed me the articles between him and the Trustees for Georgia by wch the daily allowance to the Passengers was 4. Days in the week Beef and Pudding. 2. Days Pork and peas 1. Day Fish and Butter with 14. Ounces of Bread and 3 or 4 Pts of Water or Beer to each Person daily wch is larger allowance than is given on our Men of War whose Sailors never complain I told him that as they are great Lovers of

more than English People, it would be reasonable to indulge them to have as much as they can eat and more than any value would be said in other Articles. This Ld took a memdum to order the Capt. to do

as to Rum Brandy. Sugar Spices and Oatmeal Candles &c. He says they are plentifully provided by the ord. of the Trustees over and above the Ships allowance that the Capt. might not if he were in clind hinder them of reasonable refreshm.t

Sr John Philipps and both his Sons being consulted about the Plate are of opinion it should be sent under the care of Mess.rs Bolzius and Gronau notwithstanding the supply they have had from Germany they may be after in love Congregations of Saltzburgers who may want the like supply

My humble Service to Mess.rs Bolzius and Gronau wishing them and their little flock all manner of prosperity and to hear by all opportunities from them.

Honoured Sr. I have defer'd troubling you with a letter till I could send you some acco.t of the Saltzburgers design'd for Georgia, and partly from an expectation of the happiness of seeing you lately arrived in England though they that wish well to the Colony of Georgia would not be sorry if you could spare a little more of your time & prudent advice to that infant Establishm.t before you left it.

The Trustees for Georgia have undoubtedly fully acq.ted you from time to time of the Steps taken by them in conjunction with the Society my Masters for procuring 300. Saltzburgers for Georgia, but their Labours hitherto, have not prevail'd with more than 40. of those People to venture to meet the Terrors of the Ocean. If this

this Jwal Transport prove Successfull under ym Patro
and the Blessing of Divine Providence there is reason to ~~hope~~
expect that more of their Countrymen & other persecuted
Protestants will follow them as fast as Ships can be prepar'd
to ~~m~~ carry them to America.

The Society were not a little concern'd how to obtain
a proper Director to conduct them to Holland, but Heaven
seems to have pointed out a Gentn born ~~a Man to attend them~~ for that
Service so well qualify'd, that when ym have read the
enclos'd Letter from him, wrote ~~I believe~~ partly on the
Voyage from Holland, and finish'd on the day of his
arrival at Dover, I believe I need say no more ~~of him~~
to make you in love with a Man that devotes himself
with zeal so much to the Service of the English Nation with no view
that appears but the glory of following yr. ~~Example~~ and other great
Examples for the general welfare of Mankind. He is the
Nephew of Monsr. de Reck the King's Hanover Minr. at
Ratisbonne under whose care he has had a liberal
Education which joyn'd to his great Genius, if it please
God to Spare his life, may in time form him for some
Signal Service.

Every Body that wishes well to Old Engld are pleas'd
to read in our News Papers now & then of the Prosperity
of Georgia under Mr. Oglethorpe's administration. And Govr. Belcher in
his last Letter to me laments that he is not like to see you
in N. Engld ~~before yr return home~~ though the People ~~in General~~ of
that Province are all prepar'd to contend who shall shew
you most respect if you vouchsafe to honour them with
yr. presence in yr. return home.

~~I wish you all manner~~ May God Almighty prosper and
defend you in all yr. enterprizes for his Glory & the good
of Mankind is the sincere wish of

Rev[d] & Dear[d] Sir

My last was of the 4. Curt since which I
have received yours of the 7[th] Curt N. S. and am glad to acquaint
you that the Court here have repeated their orders to the British
Min[r] at Vienna to renew his Solicitations to his Imperial
Majesty in behalf of such Emigrants as may come yo[r] way to be admitted
into the City of Augsburg.

The Purysburg after the Embarkation of the Saltzburgers at Roterdam
under the Care of the indefatigable Mr. Von Reck was detain'd about
4. Days by contrary winds, and thro' the carelessness of the Dutch
Pilot run on a Bank of Sand in the Maese where she lay 2.
Days without any other Damage than being hinder'd proceeding on her
Voyage & frightening the Mariners.

But soon after their putting out to Sea they happily arrived at Dover
the 11[th] Curt where all their Sorrows were turned into joy, & nothing was
wanting to give them a proper welcome to the British Shore, they
were all invited the next Day to dine in a large House lent by the Ma-
gistrates of the Town for that purpose where they were regaled with roy
Sirloins of Beef and Plumb Pudding, having March'd thro' the Town
in great Order to the place of entertainment, & sung Hymns

[illegible] and the 2. Clergymen closing the
[illegible] of the neighbouring Gentry resorting to partake
[illegible] of this new Light.

I must express to you the [illegible] praises Mr. Von Reck's conduct
brought upon him for his paternal care of these Emigrants both in
the Road and on their Voyage hither so that the Trustees for Georgia are
highly pleased with his prudent Behaviour which surpasses
their Expectations from a Gent. of his Years, and they hope prefages
(if please God to spare his Life) his being a useful instrument
in the hands of Providence of much good to these and all
other Colonists that may hereafter resort to Georgia.

The Friends here would have been glad to have seen him at
London, if that could have consisted with his proceeding in this Ship
which now waits only for a fair wind. In the mean time the
Saltzburgers all lie ashore refreshing themselves till they can depart
and Mr. Bulfonter who went to see them on the part of the Society, has
by their order made proper Presents to Mr. Commissary & Messrs. Bolzius
& Gronau, & to every Person Man & Woman above 20. Yrs of age a present
of 20s. to those under 20. & above 12. a present of 10s. & to all under 12.
